normandy – re-invented

Normandy® offers discriminating homeowners a solid custom hardwood shutter at an affordable price. Enhanced with more style and color options, the world of shutter design and customization just got bigger, better and more beautiful!

dress your windows in color

Color breathes life into your home, it allows a room to glow, purr or sizzle. Shouldn't your shutters do the same? With design in mind, we've expanded our color palette to include 16 rich and earthy stains and 8 purely chic paints. This grants every design trendsetter the ability to choose just the right hue to complement any décor.

style beyond square and rectangle

All windows are not created equal. Normandy is now available in a collection of specialty shapes including arches, sunbursts, and French door cutouts. Our specialty shutters can be crafted with operable louvers and panels that open for easy access to windows. Every window in your home can be perfectly fitted with a Normandy Shutter.

More is better — larger louvers result in a less obstructed view when the shutter is open. We've added a 4 1/2" louver that appeals to those who crave a room with a view and privacy too.

normandy for a lifetime
