Character of wood with advanced durability

Do you love the traditional character of wood but not its vulnerability and price tag? The Woodlore® line of Norman Shutters® provides the highest performance at a value price and adds an enduring, distinctive accent to any home.

Woodlore Shutters offer the color palette, louver sizes, hinge selection, innovative frame options and custom fit that reflect your personal style. Our patented engineered material and UV-inhibitor finish ensures that every Woodlore Shutter resists fading, warping, chipping and cracking.

why woodlore?

Like any home investment, only shutters of exceptional quality can provide long-term value and help increase your home's appreciation. This requires the finest materials, handcrafting processes, advanced technology and quality control systems used to create Woodlore Shutters. Among the many advantages Woodlore Shutters provide are:

EXCEPTIONAL APPEARANCE

- appeal of wood without the expense
- frames that add decorative molding to unadorned windows

DURABILITY

- UV-inhibiting finishes resist staining, fading and yellowing
- patented polypropylene coating resists denting

DIMENSIONAL STABILITY

- withstand temperatures up to 140°F compared to 120°F for many synthetic products
- resistance to sagging, shrinking and swelling to ensure tight shutter closure

INNOVATIVE CONSTRUCTION

- authentic custom handcrafting without pre-fabrication and short-cuts
- hidden recessed magnets for a streamlined appearance
- solid core with furniture-quality handcrafting
- structurally superior mortise and tenon joints

your windows never looked so good

With crisp and clean colors, Woodlore® Shutters offer endless decorating possibilities – the perfect shutter expression is up to you. Mix and match panel colors and frame designs to complete your décor with a style all your own. You can make any window look amazing – even out-of-square windows and patio doors.
